

## KATE HUGHES' GUIDE TO BEING A SMOOTH OPERATOR

## PAY SOMEONE ELSE

We sent my agent Nigel Barns to the world's oldest and most respected barbershop – Trufitt and Hill, established in 1805. Clients include members of the Royal Family, Parliament, the arts and other strata of British society. Nigel said: "This was pure class and I received one of the closest shaves I have ever had. I looked and felt like a true gentleman. I will definitely be back for some more pampering and great service."

DO IT YOURSELF  
ULTRA GLIDE

This revolutionary shaving cream provides a completely different concept in shaving. It takes a while to get used to, but once you have there's no turning back. You massage the 3 in 1 Ultra shaving cream onto clean, dry skin (no water!) and use your normal razor. Any excess cream is simply massaged into the skin and acts like a moisturiser.

Genius. £12.95
